Vol. 24 No. 11

March 2011

NOTES FROM THE PRESIDENT

Three cheers for Gyleen Fitzgerald!!! A wonderful program that kept us laughing and learning. Her class that followed eased us into the art of star tessellation quilting and when the pieces of the puzzle fit together – amazing. Come to the March Guild meeting. During Show and Tell you will see what happens when you don't follow the cutting instructions (new quilter misread, but neat results) and see how it looks when done right. Everyone will want to make this quick, neat looking small quilt. Lots of fun! Keep up with Gyleen at colourfulstitches.com to see her latest and greatest.

March will be full of fun, learning, celebration and inspiration as we concentrate on National Quilters Day, March 18th and SVQG Guild meeting March 19th. I for one am looking forward to learning how to domestic machine quilt from Barbara Cline.

What about all of those empty spools we have been turning in to Carolyn and Fran? It is all about the mystery of numbers and who the lucky one will be to win the very creative “spool block wall hanging” that Fran revealed at our February meeting.

A thank you goes out to Barbara Paulson and Kathy Christy to start our new monthly boutique. It would be nice to have all three tables full each month. The 10% of sales fee goes towards our Ways and Means each month to support the guild. If you have a hobby or craft that you would like to display and sell

which is quilt, fabric or sewing related, please contact Kathy and put your name on the list.

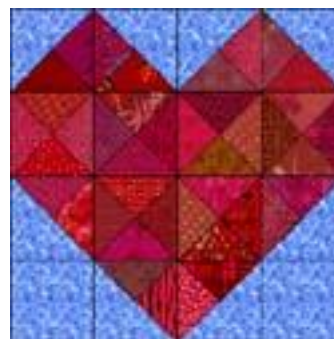

The Robin's have been landing in the yard all day, with every curious cat in the neighborhood doing a walk through. Rain has started to fall, the daffodils and crocus are beginning to emerge and my thoughts of spring are getting stronger. O gee, I might need some new fabric!! All those bright and warm colors I have been working with may need a new supply of pastel and flowers to increase my stash. See you in March!

Your President,
Sandie Hammel

Could spring be ever near?

Daffodils popping through ground

No more falling snow!

PROGRAMS

Gyleen Fitzgerald left us with lots of ideas for saving old quilt blocks with a contemporary touch. She also challenged us with her gorgeous Pineapple quilt, sporting many bright

colors. There is some interest in starting a “Pineapple Club” so if you are interested just let us know. A fabric exchange would work as we gather colors and fabrics for this sparkling quilt.

Two events are scheduled for March. On Friday, March 18th we will celebrate National Quilting Day with an agenda full of activities to celebrate quilting and quilters. We are meeting in the Arey Assembly Hall at the Bridgewater Community Center, 10:00 AM - 3:15 PM, and you will be entertained with quilt-related fun and educational activities. The large collection of empty spools will be there and prizes will be awarded to the persons with the nearest guesses to the actual count. Boxed lunches from McAllister’s Deli will be provided so you need to send in your registration (in this newsletter) to let us know your choice of sandwich. Cost is \$10 with registration and be sure to bring 3 fat quarters for a new game.

Our regular general meeting is Saturday, March 19th at Sunnyside. After the business meeting and show and tell, Ann McBroom, Director of *A Small Hand*, an outreach project in Edinburg will be the speaker. The program mission is to provide formula, food, diapers, clothing and baby essentials to young infants to 36 months of age in times of need. Our Guild Service project will provide kids quilts to this worthy local program. The afternoon workshop, Domestic Sewing Machine Quilting, will be taught by Barbara Cline. Barbara will teach basic machine quilting as well as provide design help for a finished quilt top and the class size will be small enough to allow individual instruction and assistance. The registration form and supply list are in this newsletter.

The April programs will be planned and implemented by Molly Toth, Education Committee chairman. More information is available in the Education section of this newsletter.

EDUCATION

Morning Program for April Mtg.

It's that time of year again when the educational program rolls around and this year's subject will be HOW TO CHEAT AND GET AWAY WITH IT! I only mean to apply this to quilts, so don't try this with husbands or income taxes.

As you know from past education programs, there are quilters among us who are very talented and very professional in their work - too bad you are not getting one of them this year! I am working on the premise that "you never go back and re-work anything and no one will notice the mistakes from the back of a galloping horse!"

'So with those goals in mind, we will meander down the drunkard's path to the quilting scrap heap and back again. (Don't say you weren't warned). See you in April!

P.S. The management has stated that no rotten fruit or vegetables are allowed on the premises for the specific objective of throwing them at the sleazy lecturer - only fresh fruit is acceptable and the speaker is partial to peaches and bananas.

Afternoon Program for April Mtg.

THE QUILT MARKET AND PARKING LOT

Join us for a bag lunch and then a stroll around our quilting lot of new 2011 models featuring pencil appliqué, lots of new features of quilt binding, enriched fabrics, new threads and lots more! Our Customer Service Department will also be open for the afternoon to help with new ideas for any old clunkers and quilt wrecks you have - that goes for UFO's too! So, spruce up your quilt lot with new sewing tricks and plans to repair your old works with new models. And now for the best part - all this at zero cost to you! So come into our showroom, sit down and sew a spell at our quilt lot - the best quilts in town!

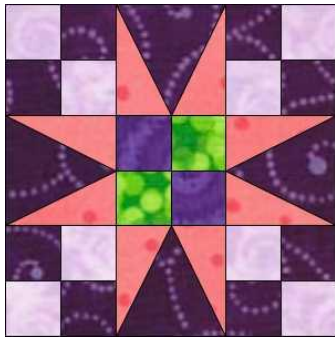

Don't forget your lunch!

Molly Toth

The Magic of Mirrors: The Beauty of Kaleidoscope Quilts

The Virginia Quilt Museum's new exhibit does not have your Grandmother's quilt from scraps, although the Museum has lots of historic quilts like she made. The quilt exhibit, Magic of Mirrors, is a celebration of color and art in fabric. You remember the kaleidoscopes that turned to create a circle of riotous color when you looked through it toward the light. You would feel the tiny pieces of glass inside the tube shift and be thrilled at what you saw. The quilt artists in this exhibit have translated those patterns to small pieces of fabric and sewn them together again as color saturated contemporary wall hangings.

The quilt artists who created these hangings are internationally known for their teaching, books, pattern and fabric designs and expertise in quilting. They are Jinny Beyer, Paula Nadelstern, Ricky Tims, Jane Sassaman, Marti Michell and other artists. To see these quilts in the Valley is an extraordinary treat. The show is curated by Paula Golden of Blacksburg, VA and Bunnie Jordan of Vienna, VA.

The Magic of Mirrors: The Beauty of Kaleidoscope Quilts is sponsored in part by the National Endowment for the Arts, the Virginia Commission for the Arts, Vintage Fabric and Quilt Dating Club, Kaleidoscope Collections and Marti Michell.

While you visit the Museum, notice the details of the pre Civil War home it occupies, the Civil War quilts and sewing machine collection. Take the time to spend a day or two in one of the motels or bed and breakfasts nearby. Then you'll have time to visit the many historic sites and battlefields in the area.

Purchase a memento of your visit or a gift at the Virginia Quilt Museum Shop. It features quilt patterns and books, Celtic jewelry, blue and white tea pots, cards, handmade kaleidoscopes and beautiful surprises for your home and life.

The Magic of Mirrors exhibit opens February 1, 2011. The Museum is open Tuesday-Saturday from 10am to 4pm at 301 South Main Street, Harrisonburg, VA. Admission is \$5 and parking in the municipal lot behind the museum is free. Phone 540-433-3818 for more information and for groups.
